The oak woodland is one of the most diverse and interesting ecosystems in the world. Meet a ranger at the Foothills Visitor Center for an up-close look at some of our favorite foothills features and creatures.

**Investigation Station**   
(One hour of drop-in activities)  
The park’s wild plants and animals have wildly different textures, colors, and smells. Examine a cart full of touchable objects at the Foothills Visitor Center. A ranger will be on hand to help you make sense of your observations.

**Junior Ranger Books**  
Kids ages 5 and up can earn an official Sequoia and Kings Canyon National Parks badge or a limited edition National Park Service centennial badge by completing a Junior Ranger booklet. Ask for a free booklet in any visitor center or the Giant Forest Museum.

**Evenings at Potwisha**   
Meet at Potwisha amphitheater.

**Saturday, April 1 at 6:30 pm**  
**Bear Essentials** (45-minute talk)  
Bears are majestic, adaptable animals, but they have not always been treated with respect, even in the park. Find out what we have learned about bear behavior and get advice on what to do if you see a bear during your visit.

**Saturday, April 8 at 8 pm**  
**Moonlight Walk**  
(1-hour easy walk)  
Plants, pollinators, and predators take the night shift in this park, only coming alive after almost everyone has gone home. Embrace the dark side of nature with games and a full moon walk.
